

# Display Mounting and Finishing Prices

This is an important part of any display production. Beautifully printed graphics will be spoiled if not mounted and finished onto the correct substrate. Our comprehensive range of laminates and mounting boards will ensure that all graphics will be presented to best effect. Substrates include rigid PVC (Foamex), lightweight Kappa board, Card, Dibond and MDF.

Adhesives can be suited to either indoor or outdoor use and all finished off with a laminate or scratch resistant seal for those tougher environments. Un-mounted posters and graphics can be heat sealed on the face or encapsulated with glossy film for those occasions when rigid boards are inconvenient for transportation.

Depending on the substrate, sizes range up to 1220mm wide by 2990mm long and thicknesses from 2mm to 25mm. Larger sizes can be tiled to fit a specific display area.

Size (mm)	Card or supplied material	6mm MDF	5mm Foamboard	3mm White Rigid PVC	5mm White Rigid PVC	Heat Seal
297 x 210	£4.50	£6.00	£7.00	£4.75	£6.00	£3.50
